Mr. Don Clifford
Manager, Radio Station WYBC
242-A Yale Station
New Haven, Connecticut

Dear Don:

We'd like to take this opportunity to thank you and others of the executive staff of WYBC for meeting with us in New Haven on the tenth to discuss our proposal related to supplementary representation of the Ivy Network.

Naturally we're sorry that neither our proposal nor some compromise was adopted, but we remain hopeful that with the passage of time some closer entente may seem more desirable to the Network as a group.

In any case, we're glad to have had the chance to meet you and others of your station, and sincerely hope there will be other opportunities to become better acquainted in the future.

Cordially yours,

Bob Vance
